- 2. Whereas**, the vast majority of lockers are from 1977 and the other portion of the lockers are from 1982;
- 3. Whereas**, the incoming class will bring Palmer High School's population up more than the amount of functioning lockers;
- 4. Whereas**, the floors of the Palmer High School lockers are rotting and do not have the proper support;
- 5. Whereas**, many students have such a hard time opening them each time, they rig them to not lock in order to make it to class on time;
- 6. Whereas**, at the beginning of the year, students are forced to switch from locker to locker to find one that works properly;

Therefore, be it resolved that the Alaska Association of Student Governments supports an initiative to secure funding for new lockers at Palmer High School.
