

**Alaska Association of Student Governments**

**Resolution #1**

**Submitted by: Glennallen High School**

**Submitted: April 25, 2018**

**Be it Resolved by the Alaska Association of Student Governments that:**

1. **Whereas**, our district's cold weather cancellation policy is that, "schools within the Copper River School District will be closed when the outside temperature reaches -50 degrees fahrenheit or lower in Glennallen (as report by KCAM at 6am);"
2. **Whereas**, the winter temperatures range from 0 to -50 degrees fahrenheit, and the average winter temperature is -20 degrees fahrenheit;
3. **Whereas**, many cars won't start in temperatures that cold, unless they're plugged in;
4. **Whereas**, students do not have access to plug-ins, because the only plug-ins are located in teacher's parking lot;
5. **Whereas**, students are prohibited from parking in the teacher's parking lot;
6. **Whereas**, many students drive to school, because the bus schedule does not align with their personal schedule;
7. **Whereas**, many young drivers in high school drive older cars that tend to have more difficulties starting in the cold;

8. **Whereas**, students must leave during class throughout the day to run their car for a few minutes, to ensure it starts when they leave school at the end of the day;
9. **Whereas**, this takes time away from learning in classes, everyday;
10. **Whereas**, several cars have failed to start due to the cold temperatures affecting the battery, and have been left in the parking lot for several weeks at a time until they can be fixed;

**Therefore, be it resolved that the Alaska Association of Student Governments** supports that the Copper River School District install vehicle plug-ins in the student parking lot, for Glennallen High School, Kenny Lake High School, and Slana High School.

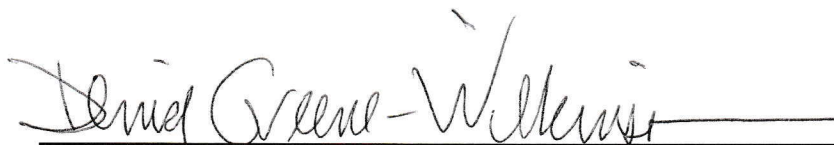

**Action Statement:** This resolution, if passed by the Alaska Association of Student Governments, will proceed to the CRSD School Board for discussion and possible implementation.

**Passed Unanimously by the Alaska Association of Student Governments at the Spring 2018 Conference.**
