

Alaska Association of Student Governments

Resolution #1

Changing the Region 2 Color to Yellow

Submitted by: Tri-Valley High School Student Council

October 2, 2023

Be it Resolved by the Alaska Association of Student Governments that:

1. **Whereas**, the current Region 2 colors are black and white;
2. **Whereas**, Region 1's color is green, Region 3's color is red, Region 4's color is blue, Region 5's color is pink, and Region 6's color is purple;
3. **Whereas**, this means Region 2 is the only region without a bright color that represents them and therefore an outlier;
4. **Whereas**, region colors are meant to promote enthusiasm and spirit within the region;
5. **Whereas**, according to colorpsychology.org, "Black is also associated with depression because it can close in on use and take the positive aspects out of life, pushing us towards disappointment and the black or negative aspects out of life";¹
6. **Whereas**, according to colorpsychology.org, "Yellow elicits feelings of hope, positivity, enthusiasm, and self-assurance. It has a psychological relationship with cheerful outlooks and confidence in achieving success. Yellow evokes uplifting emotions and optimistic perspectives psychologically";²
7. **Whereas**, Tri-Valley and Anderson Schools are the only member schools of Region 2 that attend AASG conferences regularly;
8. **Whereas**, the entire Tri-Valley Student Council unanimously supports this resolution;

Therefore, be it resolved that the Alaska Association of Student Governments supports switching the official Region 2 AASG Color to yellow from black and white.

Action Statement: if passed by the general assembly of AASG, Region 2 will change its colors from black and white to yellow, effective to the next AASG conference.
